

x11

Math Multiplication/Division

Pretest/Post-test

Name Winter

Date 11/10/11

1. Show a model of 4 multiplied by 3.

$4 \times 3 = 12$

x1

2. Show a model of 12 divided by 6.

$12 \div 6 =$

3. Solve:

$8 \times 6 = 48$

$10 \div 5 = 2$

$5 \times 2 = 10$

$28 \div 4 = 7$

$9 \times 1 = 9$

$16 \div 2 = 8$

$6 \times 8 = 48$

$48 \div 6 = 8$

4. I have 8 boxes of pencils. Each box has 8 pencils in it. How many pencils do I have altogether?

$8 \times 8 = 64$

5. I have 21 books. Put them into 3 boxes. Each box holds the same number of books. How many books does each box hold?
